Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The School Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California Education Code sections 41507, 41572, and 64001 and the federal Every Student Succeeds Act (ESSA) require each school to consolidate all school plans for programs funded through the Consolidated Application (ConApp) into the SPSA.

Comprehensive Needs Assessment Components

Data Analysis
Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys
This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Surveys in use for school wide improvement include: LCAP Student Survey, Speak Up Survey, Faculty Professional Learning Surveys and Panorama Survey, CHKS, EL Program Survey, etc. Gathered data is used to drive academic and SEL decisions as a campus. Based on the multiple surveys, goals will be written to address: academic improvement in Math and ELA, continued improvement and implementation of SEL curriculum with specific attention, based on past data, given to safety and self efficacy, etc. Assessments are used to modify instruction and improve student achievement through a variety of methods, including modifying MTSS Tier 1 strategies already in place, identifying students and writing goals through the MTSS process, intentional student grouping, and assignment of specific digital resources and tools.

Classroom Observations
This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

The Administrative team performs frequent classroom observations and specific feedback is shared with teachers, through both the formal observation process and daily/weekly informal walkthroughs.

Analysis of Current Instructional Program
The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

BAS, SBAC, iReady, IAB/ICA, Amplify, Wonders, Lexia, ESGI (K), CPM, Read 180/System 44, Math Expressions, CPM, Performance Tasks, MTSS Data, CAASPP summative and interim assessments are used.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Curricular programs and the data assessment tool listed Surveys in use for school wide improvement include: Based on the multiple data collection tools, goals will be written to address: academic improvement in Math and ELA, Assessments are used to modify instruction and improve student achievement through a variety of methods, including modifying MTSS Tier 1 strategies already in place, identifying students and writing goals through the MTSS process, intentional student grouping, and assignment of specific digital resources and tools.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

Curriculum Resource teachers work yearly with Carlton Hills staff through a variety of methods, including MTSS support, CPM trainings and implementation, NGSS trainings and implementation, and specific instruction on adopted curriculum in all subject areas. Administration at Carlton Hills conducts staff meetings each week, including the facilitation of data talks (based on data collection tools), grade level collaborations including vertical planning when needed, and all staff meetings.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

The Santee School District has extensive initial and follow-up training on all adopted materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

All District and site professional development is aligned to content standards and based on needs of students and staff.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Santee School District has five Curriculum Resource Teachers who work with Carlton Hills staff through specific content training in all subject areas, including CPM, NGSS, new history/social studies adoptions, and various ELA supports.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers are provided with time for collaboration as part of the site professional development schedule that included data analysis (monthly), grade level collaborations (vertical and cross curricular as needed, monthly), and all staff professional development work on the current focus at Carlton Hills: collective efficacy.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

All curricular materials are State Board Adopted, and meet the content and performance standards required under ESEA.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

All teachers adhere to the recommended instructional minutes for both language arts and mathematics.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Staffing including:LAS/IRT, Bilingual Assistants, and IAs to ensure proper attention and time with student groups that have been identified and their needs as well as district CRT support during MTSS collaboration.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All curricular materials are State Board Adopted, and are appropriate for all student groups.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All curricular materials are State Board Adopted, and include intervention materials.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

RTI and MTSS programs (both academic and or behavioral): including LAS/IRT Teams with RTI groups daily, counseling services, small group and individual instruction in classrooms, classroom targeted academic interventions, restorative practices through the administrators' office, etc.

Evidence-based educational practices to raise student achievement

Small group intervention/learning immediate feedback, clear learning intentions, success criteria, self-reflection and goal-setting.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Our Community Collaborative Director and District Liaison Counselor, provide resources to our school families and overarching school district community. Our Instructional Resource/MTSS Team provides services for under-achieving students. The School Counselor and Psychologist also provide mental health services for students.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Parents are encouraged to participate in site and district advisory committees including School Site Council, PTA, SPED Advisory Committee, DELAC, etc. Parents are also heavily involved in PTA events during the school year, volunteering in the classrooms, acting as career/expert advocates for school and classroom projects, and campus beautification days. Parent participation is excellent for school based events such as the book fairs, lunch on the lawn, holiday shop, and many other similar activities, and information/opportunities for volunteer service are shared on a weekly basis, or as they are available, through the school newsletter.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Fiscal support (EPC)

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Information gathered from meetings with School Site Council (SSC), English Learner Advisory Committee (ELAC), Staff, PTA (Parent Teacher Association) and parent committees are all essential and used in our planning process.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

The comprehensive needs assessment involved examining data from the California School Dashboard, site-based assessments (including iReady, Achieve 3000, district benchmarks, and classroom-based tools), and data talks with the Carlton Hills School Site Council, ELAC committee and other stakeholder groups. No resource inequities were identified. There is a continued concern with the performance of MLL, SPED and African American student groups on state assessments .

Grade 7	55	80	67
Grade 8	76	72	75
Total Enrollment	673	606	586

Conclusions based on this data:

1. We have had a slight decrease in student enrollment across most grade levels, although an increase in K is a positive sign.

2. SPED enrollment continues to increase across our five classrooms.

3. TK enrollment continues to be at capacity.

Conclusions based on this data:

1. Our MLL population is holding between 9-11% from year to year, with a slight increase this year (2022-2023), and we have seen a steady increase in reclassifications!

2. MLL Services are provided during the school day to accommodate our current percentage, including the Imagine Learning software suite on student iPads.

3. New students are identified and assigned services as they arrive, including Rosetta Stone (if needed) and Imagine Learning.

Conclusions based on this data:

1. Our 2022-2023 Spring CAASPP data was used as our local assessment data found in the Carlton HIll's SARC.

2. The overall percentage of students achieving at or above grade level in ELA during the spring of 2022 was 60.8% and showed a slight decrease, year over year, of -0.8%.

3. We did not receive individual grade level data or claim data for 2022. Other disaggregated data from CAASPP did indicate a need to target growth with our MTT, SPED and African American Students overall.

Conclusions based on this data:

1. Our 2020-21 spring CAASPP data was used as our local assessment data found in the Carlton HIll's SARC.

2. The overall percentage of students achieving at or above grade level in MATH during the spring of 2022 was 51.7% and showed a significant increase of 3.9%, year over year.

3. We did not receive individual grade level data or claim data for 2022. Other disaggregated Math data from CAASPP did indicate a need to target growth with our MLL, SPED and African American student groups.

Conclusions based on this data:

1. Current California Dashboard indicates that Carlton Hills is in the BLUE (highest level), with 64.9% of the MLL population showing growth, an increase of 30.7% year over year.

2. Continued implementation of MLL program, including the Imagine Learning software suite.

School and Student Performance Data

Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

2022-23 Student Population

Total Number of Students enrolled in Carlton Hills School.	Students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	Students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	Students whose well being is the responsibility of a court.

Conclusions based on this data:

1. The diversity at Carlton Hills continued to increase for the year 2022/23.

2. Identified growth opportunities were identified with the following student groups: Students with Disabilities, MLL, and African American.

To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Green	**Chronic Absenteeism** Yellow	**Suspension Rate** Orange
Mathematics Green		
English Learner Progress Blue		

Conclusions based on this data:

1. Math, specifically, has shown significant growth and ELA scores have maintained current levels, both in the green.

2. Chronic absenteeism is an area of concern that is being addressed with our attendance focus for 23/24.

3. MLL performance has significantly increased, indicating blue.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."
This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

Conclusions based on this data:

1. Academic supports will need to be delivered to students that are "Well" or "Moderately" developed as students proficiency increases.

2. Implementation of the Imagine Learning software suite will continue with fidelity.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

English Language Arts

LEA/LCAP Goal

Improve student learning and demonstrate annual growth in California Standards in all academic content areas to prepare students academically for high school and beyond.

Goal 1

Grades K through 8th will increase the percentage of students meeting or exceeding standards by 5% or more as measured by district and state assessments in ELA.

Identified Need

Continued focus on purpose, critical thinking, success criteria, and self-efficacy. iReady and CAASSP data from the previous year indicate specific areas of need in informational text and comprehension areas.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
MTSS Data	Baseline: Collected data on identified students of need.	Outcome: Identified and implemented Tier 1/2/3 strategies as necessary, documented through MTSS meetings.

Strategy/Activity

Staff will increase their knowledge of research-based instructional strategies to support implementation of CCSS in English Language Arts through continued professional development, including working with District support staff, staff meetings led by site administration, SDCOE and other opportunities for growth, as well as monthly MTSS meetings that will include new Tier 1 strategies. Growth will be measured through updated MTSS goals, student data tracking with iReady and interim assessments as well as grade level collaboration notes and goals.

Proposed Expenditures for this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Student achievement in English Language Arts demonstrated a very slight decrease in advanced/proficient of -0.8% year over year. Continued emphasis on guided reading groups, iReady and Achieve 3000 data talks, and staff professional development with these tools will ensure a return to positive growth next year.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Overall implementation of goals was completed and the funds expended as expected from 2022-2023.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The only changes are a continued focus on academic progress to the expected achievement levels/percentages, specifically targeted at the following student groups: MLL, African-American, and SPED.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Student achievement in mathematics increased across the grade levels, with significant gains in 7th and 8th grade. Professional development, including cross-curricular and vertical planning, were successful strategies.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Overall implementation of goals was completed and the funds expended as expected from 2022-23.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The change is a rigorous plan to increase to the expected achievement levels/percentages by a strategic focus on effective instructional strategies and effective interventions for math, specifically targeted at the following student groups: MLL, African-American, and SPED.

Goals, Strategies, & Proposed Expenditures

Goal 3

The percentage of students who report feeling "safe" or "very safe" on the Panorama Survey will increase by 5% (average), as well at the percentage of students increasing in the "self-efficacy" category by 5%

Identified Need

Student's connection to school as a safe learning environment as identified in the Panorama survey data, based on both the "safety" and "self-efficacy" metrics. These connect directly to student's perception of safety overall at the site.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Panorama School Survey Data (Safety Climate and Culture)	We scored 72% (Elementary) and 59% (Secondary) in the "Safety" portion.	Both indicate a decrease from the previous year. Expected outcome in an increase in these percentages of at least 5% year over year.

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature   **Committee or Advisory Group Name**

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on Nov. 15, 2021.

Attested:

	Principal, Tim Dobbins on 12/5/23
	SSC Chairperson, Charlotte Turrubiartes on 12/5/23

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.
From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.

- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

I. The development of the SPSA shall include both of the following actions:

    A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.

        1. The comprehensive needs assessment of the entire school shall:

            a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and

            b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—

                i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and

                ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and

                iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.

                iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.

                v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.

    B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

II. The SPSA shall include the following:

    A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--

   a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards

   b. use methods and instructional strategies that:

      i. strengthen the academic program in the school,

      ii. increase the amount and quality of learning time, and

      iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.

   c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:

      i. strategies to improve students' skills outside the academic subject areas;

      ii. preparation for and awareness of opportunities for postsecondary education and the workforce;

      iii. implementation of a schoolwide tiered model to prevent and address problem behavior;

      iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and

      v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.

C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.

D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).

1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;

2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and

3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).

F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to

1. Ensure that those students' difficulties are identified on a timely basis; and

2. Provide sufficient information on which to base effective assistance to those students.

G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.

H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);

2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf);

3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and

4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Educational Partner Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and

2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" https://www2.ed.gov/policy/elsec/leg/essa/guidanceuseseinvestment.pdf.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
